CHEMDAS Evidence Package

Illustrative Data Co. (sample) · Demo Project A · GIS\Key 3.1 EDD

Source manifest

File	Integrity	Disposition
lab_edd.xlsx	SHA-256 recorded	Accepted

Transformation evidence

Analyte	As reported	Derived canonical	Rule
Trichloroethylene	0.0047 mg/L	4.7 ug/L	×1000 · version 2026-08-12.1

Validation summary

Required fields, CAS format, dates, units, and methods were evaluated. This public sample contains no unresolved errors. Production packages list warnings, skipped records, and unresolved values explicitly.

Integrity verification

Audit sequence: VERIFIED

Every audit entry is linked to the previous entry. Committed-record content hashes recompute to their recorded values in this synthetic example.

Scope note

This document demonstrates package structure and terminology. It is not evidence of customer use, certification, uptime, or performance.
